GUIDELINES FOR MOBILE COMPUTER-BASED EXAMINATIONS (CBE)

In preparation for the upcoming 2023/2024 First Semester Examinations; kindly find below the guidelines for the use of Mobile and smart devises for the Computer-Based Examinations.

a. Students are expected to download the FPE eClassroom app from Google Play store; and iPhone users should use the link below to download FPE SIMS from App Store

https://apps.apple.com/us/app/fpe-sims/id6449385128

b. Install/update and accept **ALL** the app permissions
c. Students shall login with their Matric Numbers as **UserID** and the last six (6) of the RRR Number on their Tuition Fees slips as **Password**
d. On a successful login, each student is required to complete a biometric Facial Registration and generate a QR Code specific to the examination Course Code
e. Invigilators shall scan the QR Codes to generate device-specific **CBE Access PIN** to be delivered as notifications on the scanned devices. You must enable the app notification to receive the PIN.
f. Once the six-digit PIN is received, the PIN is automatically copied to the device memory (clipboard) and expires in 3 minutes.
g. Close the QR Code dialog box (may also be closed automatically with a message box showing the PIN)
h. Click on the Load Examination menu and paste or type the PIN into the dialog box and click the **Proceed** button to download the Examination Questions
i. The app may request that you enable "**Draw over all other app**" / "**Full Screen**" or "**appear on top of *other apps***" feature of their device
j. Invigilators shall use the Face Recognition feature of the app to detect impersonation
k. Obtain your CBE Access PINs and submission feedback from the System Messages menu option

Note:

a. Eligible students are expected to download the apps, login and get familiar with the working and features and to seek necessary assistance before the examination day
b. Designated mobile app CBE venue for secured-invigilation shall be made available in the North Campus
c. Examinations shall be rescheduled in the events of Server and Network failure for more than an hour.

Students whose Facial Registrations do not match or are questionable during or after the examinations shall be reported to the Polytechnic's Students Examinations Disciplinary Committee.
